JOB OPENING: **Project Manager**

JOB DESCRIPTION:

Are you a highly motivated Project Manager with experience in the field of MEP building engineering and looking for an exciting opportunity to work with an amazing team?

We are Rensch Engineering, a mechanical and electrical engineering firm located in beautiful and historic downtown Snohomish, WA. This location provides a great place to work with minimal commute times and a lower cost of living compared to the nearby big cities. Our office includes people who enjoy recreational activities like skiing, hiking, snow shoeing, camping, and fishing all within an hour of the city. Many of our team members are also parents who enjoy being closer to their families and their everyday needs. If you're looking for an opportunity to join our team, expand your knowledge, and work on exciting projects while enjoying an easier pace of life in your off time, then we'd like to hear from you!

Successful Candidates in this role possess the following traits:

- They are exceptional communicators with the ability to work with customers, colleagues and pretty much anyone in a friendly, professional manner that represents the firm well.
- They enjoy a variety of jobs and challenges and have the ability to work on multiple projects at one time, while tracking priorities and coordinating the efforts of the engineering team.
- They are highly organized and proficient at tracking many tasks without letting them drop. The right candidate can focus the team in the correct direction to complete projects on time and on budget.

Requirements of the Position:

- A minimum of 4 years of experience in a project management role for at least one of the three MEP disciplines.
- Bachelor's degree is preferred in Project Management, Mechanical Engineering or Electrical Engineering.
- Proficient in Office 365, Windows, and experience with Project Management software.
- Ability to read and interpret MEP plans is a plus.

We offer top pay and benefits for qualified candidates. A $2K signing bonus is available if you can start by March 4, 2023.
